

AirGo Pro

When you are looking for a robust yet light full BA set for fire fighting and for a wide range of maintenance or rescue operations, the **AirGo Pro** is ready for deployment. Its rugged reliability, flexibility and great value make it a popular choice for fire brigades, plant, sub-surface or offshore use. Weight is distributed evenly and kept close to your body to reduce stress and fatigue. The alpha SingleLine pneumatic system integrates warning signal, second connection and gauge in an easily accessible manifold at your chest. The optional alpha Personal Network offers extended electronic and telemetric monitoring and communication capability. Fire fighters and industrial workers around the world who are looking for high quality, solid reliability and comfort use AirGo Pro for their respiratory protection..

- SingleLine Pneumatics
