

Emergency BA Cabinet

The TS100 emergency BA cabinet is injection moulded from high impact and weather resistant polycarbonate, the cabinet is manufactured in green and features a clear door for ease of visual inspection. This compact unit features a universal mounting facility allowing for left or right handed door mounting when used in the vertical position, or it can be horizontally mounted. The Neoprene moulded door seals provide a highly weather-resistant closure

The unique universal design, combined with a special tamper-proof seal, will make the TS100 suitable for all makes of escape set whilst its construction makes it essentially maintenance-free.
