

Total 2 Point Full Body Rescue Harness

The Total 2PR harness has been designed with the wearer in mind. Manufactured in high tenacity polyester it is a lightweight, strong and secure, simple to use full body harness with stainless steel fittings, easy to put on and comfortable for the wearer.

Fall arrest links at front and rear, with an overhead strap for rescue that ensures a casualty can be raised in a vertical position. Rescue strap can be stored away neatly when not required. Deployment is effected by simply pulling a Velcro tab. Adjustable at leg loops, shoulders and chest. CE approved to EN361 and EN1497.

Fitted with clear usage instructions.
