

Emergency Gas Horn

The Emergency Gas horn is an excellent hand held emergency signalling device. The powerful and piercing 110dB alarm attracts attention up to a half mile radius, making it ideal for building sites and confined space use. The 300ml canisters are designed for multiple uses and use non-flammable gas. Spare canisters are available.

- **Simple & Easy to use**
- **110dB @ 2 metre distance**
- **Uses non-flammable gas**
