

## CSI-1000 Utility Kit

The CON-SPACE Utility Kit is a Hard-line communication system configured for two or more utility workers. The Power Talk Box allows hands free, un-tethered, two way voice communication between multiple personnel, within a radius of 30 ft. This kit provides people working in Confined Spaces, Manholes, Tower Cranes and Mobile Cherry Picker Operations with a simple and effective means of communication and prevents workers from having to leave their workstations to speak with co-workers. The equipment is lightweight, portable, waterproof and extremely rugged.

### Features:

- Hands free two way voice communication
- Use with encapsulated suits & respirators or any make/model of breathing apparatus
- No miscommunication
- No interference
- Private network
- Emits no RF signals, tested to MIL-STD 461
- Intrinsically safe – ATEX EEx ia IIC T4
- Rugged, reliable, chemical resistant
- Extendable to 14 workers

### Each Kit Contains:

- 1 x CSI 1100 Mini Module
- 1 x Behind the Head Headset
- 4 x Face Mask Com Set w/ Universal Speaker
- 1 x Mic Mute Cable
- 1 x 50' Cable c/w Connectors
- 1 x 1000 Carry Case
