

MCH 36ETS

The MCH 36ETS is a three phase, 4-stage, silent compressor offering reliability and a choice of pressures. The sound insulated housing provides excellent noise suppression so the unit can stand in rooms or in buildings where noise is an issue. A very low turning speed coupled with excellent filtration ensures safe and reliable operation. The breathing air filtration ensures air quality to the highest standards meeting with DIN 3188. This unit has 4 hoses on the front for filling direct into high-pressure cylinders or can be piped to a high-pressure storage bank with filling panel.

Features

- Powder coated steel frame
- Auto drain and auto stop as standard
- Oil level indication with sight glass
- Emergency stop
- Large capacity oil sump
- Oil and water separators
- Breathing air purification in accordance with DIN 3188

Technical Data

Model compressor	MCH 36 ETS	
Working pressure	200 Bar	300 Bar
Charging rate	600 l/min 36m ³ /h 21 cfm	600 l/min 36m ³ /h 21 cfm

Frame	Powder Coated Steel
Number of stages	4
Lubricating oil capacity	4.5 litres
RPM Pumping Unit	1,300
Oil type	Coltri CE 750 Lubricant
Oil Mist Separator	2 intermediate, 1 final
Filtration	Active carbon cartridge & molecular sieve
Safety Valve	3 intermediate and 2 final stage
Interstage coolers and after coolers	Stainless steel
Breathing air	DIN 3188
Filling time (10 litres 0-200 bar)	3 minutes, 20 seconds

Drive	Three Phase Electric Motor
Operating Voltage	400v
Power	15 kW
Noise Level	75 dB
Weight	420 Kg
Dimensions (H x L x W) cm	130 x 178 x 78

Product Warranty

12 Months Full RTB Parts & Labour Guarantee
Full optional on-site service available
