

## MSA ALTAIR

The MSA ALTAIR is a reliable high-performance single gas detector with sensor options of either H<sub>2</sub>S, CO or O<sub>2</sub> and provides two years of service life under warranty with no maintenance. This instrument will not deactivate after two years of operation but will continue to perform as long as battery capacity allows. No calibration, sensor change or battery change is needed. Patented, MSA Button toxic gas sensors are fitted to both the CO and H<sub>2</sub>S ALTAIR, while the O<sub>2</sub> version accommodates a fast responding 20 series sensor. ALTAIR can be worn securely anywhere. This rugged clip design keeps the unit attached during even the roughest use.

### Features

- Robust, easy to grip design
- Easy to read display
- Sensor options for H<sub>2</sub>S, CO and O<sub>2</sub>
- Simple bump check with checkmark for 24 hours
- Audible alarm of 95 dB at 30 cm
- Strong vibration alarm
