

BW GasAlertMicro Clip

The BW GasAlertMicro Clip is an ATEX Category 1 approved rechargeable gas monitor available as a 1 - 4 gas unit for H₂S, CO, O₂ and combustible gases. Benefiting from advances in nano-sensor and battery technologies, the GasAlertMicro Clip is revolutionary and is ideal for confined space entry applications.

Features

- Rugged, ultra compact (10.7 x 6.0 x 3.6 cm) and lightweight (160 g)
- Simple one button operation
- Standard datalogging and event logging
- Durable, stainless steel alligator clip
- Integral concussion-proof boot for the most rugged environments
- Continuous LCD shows simultaneous gas concentrations for H₂S, CO, O₂ & EX
- Powered by a lithium polymer battery (run-time typically 14 hours)
- Provides 95 dB alarm tone and bright wide-angled alarm bars
- Equipped with internal vibrating alarm
- Auto backlight
- Four alarm levels
- Records TWA, STEL and maximum exposures to gas and displays readings on command
- Full function self test of: sensor, battery, circuitry and audible/visual/vibration alarms
- Delivered ready for use with sensors, lithium polymer battery, stainless steel alligator belt clip, calibration hose/cap charger and instructions
- ATEX II 1G EEx ia IIC T4 •
