

## Oldham C1100 CO2 Monitor

Naturally present in low quantities in the atmosphere, Carbon Dioxide remains a genuine potential risk for the confined, industrial and tertiary environments. People are particularly confronted with it in sewers, tunnels, abattoirs, food-processing industries, greenhouses, wine-making or maturing cellars etc... Light, ergonomic, high performance and with a long life battery, the C 1100 pocket gas detectors allows people to work freely and move about without any risk..

### Features

The C 1100 is equipped with an infra-red cell which provides reliable, accurate and stable CO<sub>2</sub> measurement.

- Small, light & compact
- Large continuous LCD display
- Battery and sensor status indication
- A single push-button to activate and access main menu
- 12h battery life
- Automatic self diagnostic
- Datalogging
- 80 db audible alarm
- Visual alarm on a 5 step LED bar graph
- Communication cable
- Extra protection casing
