

## Total Scaffolder Harness

The scaffolder full body work restraint and fall arrest harness is designed specifically for scaffolders. Manufactured in high tenacity polyester with leather shoulder straps for protection when carrying tubes, it is lightweight, strong, secure and simple to use. Stainless steel fittings, individual serial numbers and clear instructions make this harness easy to put on and comfortable for the wearer.

Fall arrest link at the front and rear, adjustable at leg loops, shoulders and chest.  
CE approved to EN361
