

MSA F2 X-TREM

The new F2 range of helmets is available in several versions and thus responds to all extreme applications. The new quick adjust Ratchet System reinforces the multi-functionality of the helmet without compromising comfort.

F2 X-TREM for Forrest Fire & Rescue

Lightweight helmet complete with 3 point chin-strap, tinted lens goggles, reflective stickers and vented shell, the GA3600 is ideal for natural disaster rescue operations, mountain rescue and forest work operations.

EN12492

F2 X-TREM for Traffic Rescue

Lightweight helmet complete with 3 point chin-strap, reflective stickers and non-vented shell, the GA3500 is designed for professionals called upon to intervene in traffic accidents such as Doctors, Paramedics and also for Urban Search and Rescue Groups.

EN12942

F2 X-TREM for Hazardous Environment Protection

Lightweight helmet complete with 3 point chin-strap, vented shell, the GA3300 is ideal for high angle rescue in mountain environments, rescue work and working at height.

EN12492

F2 X-TREM for Industrial Risks

Lightweight helmet with non vented shell to protect against shocks and sharp falling objects as well as against chemical and electrical risks.

EN397
