

MSA LEFT/RIGHT Passive Ear Muffs

The new LEFT/RIGHT ear muffs are different from all existing hearing protectors. Individual muffs for the left and right ear compensate the asymmetric position of the ears on the head. The new headband design and the thinner and more flexible sealing rings ensure a better fit. Large muffs provide more room for the ear to guarantee the right protection for all shapes and sizes of ears.

The LEFT/RIGHT is suitable for all kinds of work environments, from heavy manufacturing to clean food processing and from construction sites to lawn mowing.

All models are available in three colours, yellow, blue and white and all attenuation levels are the same price.

	SNR	Standard
High Noise Level		
Headband	31dB, H = 31, M = 29, L = 21	EN352 – 1
Helmet Mounted*	31dB, H = 32, M = 28, L = 21	EN352 – 3
Medium Noise Level		
Headband	28dB, H = 32, M = 26, L = 17	EN352 – 1
Helmet Mounted*	28dB, H = 29, M = 25, L = 17	EN352 – 3
Low Noise Level		
Headband	24dB, H = 27, M = 22, L = 14	EN352 – 1
Helmet Mounted*	24dB, H = 27, M = 22, L = 15	EN352 – 3

* Fits V-Gard Helmets
