

Protector Eyewear

The Protector range of safety spectacles is designed to offer the user the latest optical moulding techniques and lens performance in conjunction with the latest styling to ensure user acceptance. The lenses are offered with hard coating as standard, with optional anti-fog lenses for greater performance in harsh environments and shaded lenses for high glare.

Roma

The Roma spectacle is a traditional aviator design, available in a blue frame with clear scratch resistant lenses.

Explorer

A modern semi disposable design with choices of clear or smoke lenses.

Key Features

- High fashion modern design
- Scratch resistant lenses
- Lightweight
- Smoke or clear lenses

Cruiser

A fashionable twin lens design with lightweight wrap around style for maximum protection and comfort. A choice of clear or smoke scratch resistant, anti-mist lenses.

Key Features

- Multi adjustable arms
- Anti-mist lenses
- Lightweight

G39

The G39 is a traditionally styled, budget priced goggle for intermittent wearing in environments where impact is the potential risk.

Key Features

- Direct venting for visual integrity
- Polycarbonate lens
