

## Ultra Elite

Applying the latest state-of-the-art in mask technology, the MSA Ultra Elite Full Face Mask creates a new standard of quality, directly inspired by its predecessor – the MSA 3S. Combining practical experience with modern design, it provides a higher level of performance in respiratory protection. Ultra Elite was developed in close cooperation with fire services and large industrial organisations for use in normal and positive pressure modes. All Ultra Elite masks are approved according to EN 136 class 3.

### High Comfort

- High user comfort, due to ergonomic design
- 5-point harness
- Quick donning and doffing
- Excellent speech transmission
- Low inhalation and exhalation resistance

### Optimal Perspective

- A lens with a large, distortion-free field of vision
- Unique air flow design prevents misting of the lens

### Benefits

- Top model of the MSA range
- Field of vision close to natural view
- Superior speech transmission
- Distortion free coated lens
- Available in rubber or silicone
