

i-storm 24

Using the latest in LED technology the i-storm 24 was developed as a cutting edge industrial portable floodlight for use in the harshest of industrial environments. Using solid-state mounted LED's coupled with a thermally efficient light engine and an extremely robust injection moulded body, the i-storm 24 gives the user the ultimate maintenance free portable floodlight to get the job done efficiently safely and on time. Featuring a torch mode and work light mode with extendable mast to 830mm and 360° pivoting head, the i-storm 24 can be used in a wide variety of applications.

Features

- Extendable portable flood light
- 24x Solid State High Intensity LED's
- 50,000hr life expectancy
- Robust
- High Power – 8hrs
- Low Power – 15hrs
- Tough glass nylon head & main body for maximum strength
- Resistant to most chemicals and oils
- Flame retardant materials used
- Shock resistant
- IP 44 Rated
- Low battery warning system
- Waterproof silicone rubber keypad switch
- Stand by & battery level indication
- Silent Operation
- No fumes
- No hazardous cables
- Use of LED's & plastic lens – no glass breakables
- Low operating temperature
- High visibility
- Lightweight
- Low battery warning system
- 12v 2.7amp Multistage Mains Charger

Dimensions

L 400 x W 205 x H 230mm (Extended Height 830mm)
9.8kg
