

Safety Equipment Hire

Where safety equipment for work in confined or hazardous zones is concerned there should be no compromise in the quality of safety equipment: **Total Protection (UK) Limited** has a comprehensive range of equipment for hire and is committed to offering competitive rates. Combined with the highest standards in customer service, we are confident that customers will appreciate the quality of our hire services. Our team of advisors is on call to talk through your hire requirements and to make sure that the equipment that you hire is exactly the correct piece of equipment for the job. If required, we are more than happy to arrange delivery direct to your site or collection from our offices. All safety equipment is continuously tested and calibrated to ensure the highest levels of performance and every piece of kit is issued with a certificate prior to dispatch.
