MSA Altair 4 Multi-Gas Detector

A reliable multi-gas detector that measures O₂, H₂S, CO and combustible gas. Besides being one of the most compact multi-gas detectors available, it has an extremely durable rubberized housing and is very easy to use. The ALTAIR comes with **MotionAlert** – a unique feature in the world of portable gas detection. The detector's alarm is triggered if the user remains motionless, alerting those nearby. The InstantAlert alarm allows the user to manually activate the detector's alarm system. It is a standard feature across the ALTAIR 4 range.

Offer Price: £255.00 + VAT

Scott ELSA Sprint Emergency Escape Set

A positive pressure escape set providing air on demand for situations where the escape route may require a lot of physical exertion or where the maximum levels of protection are required. Available as 10 or 15 minute duration.

Offer Price: £295.00 + VAT (10 minute Version)
£305.00 + VAT (15 minute version)
