

Qualification in Working in High Risk Confined Spaces: Water (6150-03)

Duration 2 Days

Introduction

For persons nominated to work in or at confined spaces where work has been assessed and classified as Medium or High Risk.

Course Content

Along with gaining a sound understanding of the Confined Space Regulations 1997, learners will be able to:

- Interpret the Water UK Confined Spaces classification scheme
- Risk assess residual hazards
- Recognise changing environments
- Prepare to work safely in high risk confined spaces
- Enter and exit confined spaces safely
- Prepare and use escape and working self-contained open circuit breathing apparatus in accordance with manufacturers' specifications
- Use equipment and tools safely and in accordance with manufacturers' instructions
- Follow procedures and work safely
- Deal with emergencies
- Use appropriate behaviour for working in high risk confined spaces
- Use appropriate industry knowledge for working in high risk confined spaces
- Apply relevant industry standards for working in high risk confined spaces

Training Information

The course comprises two days training. Candidates should bring their own safety footwear, waterproof clothing, hard hat and working gloves for the practical exercises.

Course tuition will include a high proportion of hands-on demonstrations and practical exercises, supplemented with classroom based tutorials and pre and post course assessments. The learner will be given the opportunity to show they can resolve problems through evidence gained during practical exercises.

Course content updated September 2010.

Additional Information

Delegates attending this course should be physically and mentally fit to withstand the rigours of training.

Training Certification

On successful completion of the course certification is valid for 3 years.
